# EDUCATIONAL KIT

## General presentation

The Romanian-German University of Sibiu (U.R.G.S.) is the only private accredited university in Sibiu County and also, the only university that has proposed, by its name and curriculum content, to capitalize its secular approach to the German cultural space.

U.R.G.S. was founded in 1998, by the University Foundation for European Integration, and by Law no. 115 of May, 5<sup>th</sup> 2005, the university obtained its accreditation.

The institutional reaccreditation was achieved in the year 2012 from the Romanian Agency for Quality Assurance in Higher Education (ARACIS) and, on this occasion, our university received the CONFIDENCE rating.

The Romanian-German University of Sibiu contributes significantly to the qualitative development of higher education in Romania.

The actions of the university focus both on education and training, but more especially on the practical abilities, thanks to which the U.R.G.S. graduates are rapidly integrated in the labour market.

The Romanian-German University of Sibiu is a trustworthy partner on the path to professional training and development and to fulfilling personal aspirations for improvement.

**The Educational Kit** is an integrated concept of the educational offer of U.R.G.S., made of the three absolutely necessary components for the easy training and insertion of young graduates on the labour market:

- 1. university studies (Bachelor's and master's studies) and postgraduate studies;**
- 2. training courses;**
- 3. career counseling and guidance.**

*The educational kits are created and shaped according to the current education and training needs that would help obtain a desired job and build a successful professional career.*
